Provide Safety Consulting Services		X			H	H	M
Coordinate Occupational Health Services		X			H	H	H

Core Assessment Table: Manage Safety Programs

Subprocess	Justification
Installation Core Safety Services	FAR 37.104: Safety services are subject to the relatively continuous supervision and control of a Government officer or employee. Therefore, they are considered personal services and exempted from contract. USNR §802: CO has continued responsibility for the safety, well-being and efficiency of the entire command that cannot be relieved by delegation of authority to subordinates.

Risk Assessment Table: Manage Safety Programs

Subprocess	Justification for “M” or “H” Risk
All Core Safety Services	The death, injury or occupational illness of Marine Corps military personnel have a negative impact on mission readiness.

Additional References

DODI 6055.1, 19 Aug 98, “DOD Safety and Occupational Health (SOH) Program.” Certain safety and occupational health functions are inherently Governmental in Nature and may not be outsourced to the private sector; i.e., a commander’s intrinsic accident and illness prevention obligations.

SECNAV 5100.10H, 15 Jun 99, “DON Policy for Safety, Mishap Prevention, Occupational Health and Fire Protection Programs.” Safety and occupational health are inherent responsibilities of command.

DODD 4100.15, 10 Mar 89, “Commercial Activities Program.” Does not authorize contracts that establish an employer-employee relationship between the DOD and contractor employees, as described in FAR 37.104.
